PROFESSIONAL SUMMARY

Lead Engineer with 7+ years of experience building and shipping mobile applications with Flutter and native Android (Kotlin, Jetpack Compose). Leads small engineering teams on architecture, code review, mentoring and release delivery. Has published 13 apps on Google Play and built the PHP/MySQL and Firebase backends behind them, including authentication, billing and subscriptions, and automated release pipelines.

SKILLS

Mobile: Flutter, Dart, Android, Kotlin, Jetpack Compose, GetX, Clean Architecture, ObjectBox, Google Play releases

Backend and APIs: PHP, MySQL, Python, REST APIs, JWT authentication, Firebase, Postman

Cloud and DevOps: Google Cloud Platform, Docker, GitHub Actions (CI/CD), Gemini API

Languages: Dart, Kotlin, Python, PHP, JavaScript, SQL, C++, C#, C, Java, HTML, CSS

Other: React.js, Node.js, .NET, Git and GitHub, Figma, code review, mentoring, release planning

PROFESSIONAL EXPERIENCE

Lead Engineer, Trenser Technology Solutions, Kochi, India

May 2025 - Present

- Lead a team of 1 to 3 engineers on mobile products, owning architecture decisions, code reviews and delivery.
- Mentor engineers and plan releases; currently working on Android with Jetpack Compose alongside Flutter.

Senior Software Engineer, Trenser Technology Solutions, Kochi, India

Sep 2023 - May 2025

- Built and shipped mobile applications for global software clients.

Mobile Application Developer (Flutter), StratAgile Pvt. Ltd., Ernakulam, India

Aug 2022 - Sep 2023

- Developed Flutter apps for a digital marketing and platforms company, including an e-commerce app and a doctors' app.

Mobile Application Developer (Flutter), TripMemo Technologies Pvt. Ltd., Kochi, India

Nov 2021 - Jul 2022

- Built travel-industry apps, including Grasshopper365, a business management app for tour operators, guides, stays and transport providers.
- Contributed to an online C2B marketplace and a content management system.

Flutter Developer, Alphanumerics Labs LLP, Ernakulam, India

Jan 2019 - Oct 2021

- Joined as an intern and grew into a Flutter developer working across many domains.
- Contributed to Azooya (local marketplace), Shawarmer (food ordering), Timilo (face-recognition attendance), Timilo Meet (video conferencing), Dr Meet (telemedicine) and FtPay.
- Worked on backend development with PHP, MySQL and Python, and took part in system design for three projects.

Intern, Glitz IT Solutions, Koratty, India

Jun 2019 - Oct 2019

- Built the transport management module of a hospital management system, using React JS for the frontend and .NET for the backend.

PROJECTS

HoverMinds - independent app studio, 13 apps published on Google Play (play.google.com/store/apps/developer?id=HoverMinds)

- **HoverBill** (Flutter, GetX, Clean Architecture, ObjectBox): offline-first GST billing app for Android, Windows and web, with PDF invoices, GSTR-1 export and cloud sync. Backend: PHP and MySQL REST API with JWT authentication and an admin panel.
- **trackEx** (Flutter): personal expense tracker with categories, budgets and charts that syncs to the user's Google Sheet through Google Sign-In.
- **Photo Prompt AI** (Kotlin, Jetpack Compose): prompt library app available in 20+ languages. Backend: PHP and MySQL server with Firebase, AdMob and Google Play Billing.
- Also published: HoverQR, HoverMagic, Hovertots, Hoverboard, four HoverAI Prompts apps and Sahai Multimedia.

EDUCATION

Master of Computer Applications (MCA), CCSIT, Thrissur (University of Calicut), 2016 - 2019

B.Sc. Computer Science, STAS, Edappally (Mahatma Gandhi University), 2013 - 2016
